International Conference

# Mathematics in Finance

Skukuza, Kruger National Park, South Africa | 8 - 12 August 2017

Hosted by the University of Pretoria in partnership with  
the North-West University and University of Cape Town.

Collaborating universities: University of Johannesburg and University of Stellenbosch.

## Objective

The main objective of the conference is to bring together academics, practitioners and graduate students who are working in the broad field of financial mathematics, risk analytics and the broader area of business analytics. It is envisaged that participants who are at the forefront of the area will reflect on current open problems and relevant challenges and that they will indicate directions for future research. It is hoped that the interplay between theory and practice as well as issues relating to the dissemination of knowledge and teaching in this field will be discussed.
